

Grand Golf Fundraiser The Wildernesse (Golf) Club Friday 23rd March 2018 **THANK YOU**

Bradbourne Group Riding for the Disabled (RDA) provides the opportunity for therapy, achievement and enjoyment to people with disabilities through riding and carriage driving.

We are a community of volunteers specifically trained to ensure that our activities are carried out in a professional, safe, friendly and fun environment.

Thanks to the help and generosity of those involved in our last Golf day we were able to purchase and train Disney, shown here providing an enjoyable and stimulating driving experience for one of our visually impaired drivers.

This year we need to invest in two new ponies for riding. New horses to succeed the one nearing retirement and the one we sadly lost in February, along with tack and other equipment, will make a real difference to our riders, ensuring we do not need to cancel any existing riders and we can offer a place to some of those people on our waiting list.

A huge THANK YOU to those who helped and supported our fourth Grand Golf Fundraiser event shortly before Easter.

The generosity from those who played, bought raffle tickets and participated in the auction has resulted in the fantastic sum of nearly £7,000 when pledged monies are received shortly.

This ensures we can move forward to find suitable ponies to join the team at Bradbourne RDA Group, avoiding the need to reduce the number of riders as the workload of our older animals is reduced.

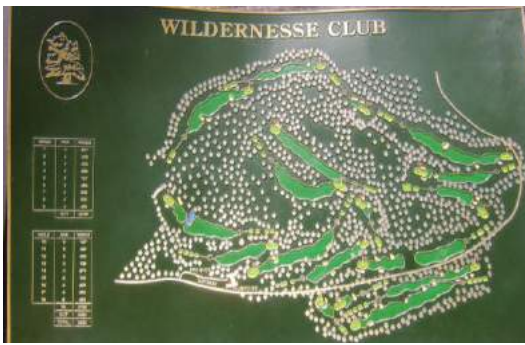

We are extremely grateful to those who helped in any way as well as all sponsors of this event, the golfers who played, the volunteer stewards, raffle or auction prize donors, greenkeepers, catering and other club staff at Wildernesse.

Thank you.

Sarah, Rebecca, Liz and Peter

A Great Day

A Good Course

A Brilliant Cause!
